

On Revolution

Author: [Hannah Arendt](#) [1]

Penguin, Harmondsworth, 1973

Originally published: 1963

Explores the concept and experience of revolution, drawing on the history of the American and French revolutions in particular, but also Russia, and develops the theme of the 'lost treasure' of revolutionary experience, which is the upsurge of creative and organisational energy in forms of direct democracy, and the conflict between popular political cooperation and the centralising tendencies of political parties.
