

People Power: Unarmed Resistance and Global Solidarity

Editor: [Howard Clark](#) [1]

Pluto Press, London, 2009, pp. 237

The Introduction and Afterword discuss key strategic questions and Part I consists of five case studies of nonviolent resistance from 5 continents. But the major focus is on forms of transnational support for resistance campaigns and the possible problems (as well major advantages) of not only governmental, but also nongovernmental support and intervention. Some of the main chapters in Part II and Part III are therefore listed separately under A.5.
