Walter, Emily, [From Disobedience to Obedient Consumerism: Influences of Market-based Activism and Eco-Certification on Forest Governance](#) [1], Osgoode Hall Law Journal, Vol. 14, no. 2-3, 2003, pp. 531-536

Reports on anti-logging campaign in British Columbia, Canada, in 1980s and 1990s and discusses shift from pressurizing state to directly confronting lumber camps. Critiques approach leading to establishment of global regulatory body, the Forest Security Council, but supports offering 'carrot' of 'certification' in combination with 'stick' of campaigning for a boycott.
