Patfoort, Pat, [Sich verteidigen ohne anzugreifen - Der Macht der Gewaltfreiheit. Sicherheit under Frieden](#) [2], Baden, Wekstatt fuer gewaltfreie Aktion, 2008

Many people dream about a world without hate violence and war, but they doubt such a world is possible. So finally, they cease to dream about it. Patfoort challenges such resignation with a book of hope, but also describes the system within which people are inhibited. Finally, he offers a model of equality in rank and nonviolence, where self-assertion without attacking others seems possible.
