## Year of Publication: 2005

Sanfilippo, Vincenzo, [Nonviolenza E Mafia. Idee Ed Esperienze Per Un Superamento Del Sistema Mafioso](#) [1], Trapani, Edizioni Di Girolamo, 2005, pp. 158

By recalling Danilo Dolci's pioneering role, this work explores the relationship between civil society, mafia and nonviolence, a theme that remains predominantly unexplored up to now. It's a composition of arguments, opinions and experiences stemming from a dialogue between individuals and organisations that want to build a solid anti-mafia movement in Italy, with particular regard to the South.

## Year of Publication: 2003

Sanfilippo, Vincenzo, [Il contributo della nonviolenza al superamento del sistema mafioso](#) [2], [June 2003], Quaderni di Satyagraha,, no. 3, 2003, pp. 195-215

In this work, Sanfilippo provides a definition of nonviolence and elaborates on the Gandhian vision of the world. He also elaborates on the origin and root causes of the mafia system, according to which, he argues, a theory of systems is the necessary methodological and epistemological tool for the analysis of this phenomena and for building a nonviolent reaction against it. His perspective encompasses the cultural, economic, political, institutional, and social dimensions of the system where mafia organisations exist and where nonviolent antimafia movements need to be organised.
