Burschel, Friedrich ; Kahrs, Andreas ; Steinert, Lea, [Ungehorsam! Disobedience! Theorie & Praxis kollektiver Regelversoesse](#) [1], Munster, edition assemblage, 2014, pp. 144

There have been frequent examples of civil disobedience in Germany in recent years. Protests in cities and regions such as Heiligendamm, Dresden, Stuttgart, Wendland and Frankfurt represent a kind of renaissance of civil resistance. This book examines the sources of legitimation and points of dispute, and also notes different definitions of civil disobedience and how these are discussed in the literature. Therefore this book draws on the ideas and experience of various authors.
