Al-Taher, Sarah, [Macht und Ohnmacht der Medien: der Medienkrieg in Syrien und der friedliche Widerstand](#) [1], Diskussionspapier 34, Bund fuer soziale Verteidigung, 2013

Al-Taher begins by observing that, unlike in the beginning of the Syrian Spring 2011-12, the international and western press no longer reported on peaceful protests in Syria. The paper discusses two possible explanations: a problem of information (either a lack of information or an excess of news), or the absence of nonviolent protests in the region. The author refutes the second thesis, arguing that despite the ongoing bloody civil war in Syria, large parts of the society nevertheless participate in peaceful protests.
