Feng, Jiayun, [Hard times for feminists in China](#) [3], SupChina, 2017

Feng outlines difficulties of Chinese women's experience for organising mass protests. However, she sheds light on the mass initiatives that happen behind the scenes, such as the WeChat group named "Walking with women from all over the world" from which Chinese feminists attending the march can broadcast live video and photos. It also reports on the sexist campaigns led by the Chinese government that portray women as submissive to patriarchal ideologies and stereotypes.
