Kumar, Raksha, [Why the 'MeToo' movement is succeeding at last](#) [1], OpenDemocracy, 2018

Kumar discusses why the 'first wave' of the 'Me Too' movement in India in October 2017 was not very effective, but argues that the 'second wave' from Autumn 2018 has been better organised, provided better evidence of harassment and brought in more women. Therefore, there is now some hope that earlier 2013 legislation against sexual harassment in the workplace may be implemented in practice.
