Year of Publication: 1997

de la Boetie, Etienne, [The Politics of Obedience: The Discourse of Voluntary Servitude](#) [1], [1554], Montreal, Black Rose Books, 1997

Frequently cited in discussions of the 'consent' theory of power. The accuracy of this 'Gandhian paradigm' of Boetie has been questioned (see Randle, [Civil Resistance](#) [2] ([A. 1.b. Strategic Theory, Dynamics, Methods and Movements](#) [3]), p. 31), but Boetie has been used in the past by religious dissidents and from the 20th century by exponents of unarmed resistance. For discussion of his Renaissance context, (see Bleiker, [Popular Dissent, Human Agency and Global Politics](#) [4] ([A. 1.a.ii. Theories of Civil Disobedience, Power and Revolution](#) [5]) pp. 51-73).

Translations: [French](#) [6]
