O'Mochain, Robert, [Sexual Harassment: A Critical Issue for EFL in Japan \[1\]](#), The Language Teacher, Vol. 43, no. 1, 2019, pp. 9-13

Since the end of 2017, many controversies and social media campaigns, especially the “#MeToo” movement, have kept the issue of sexual harassment in the public eye, intentionally, but its impact in Japan has been limited. This is surprising as sexual harassment is prevalent in many social spheres in Japan, including in educational institutions. This article outlines the extent of the problem and provides suggestions for classroom activities and educational initiatives to raise awareness for the transformation of currently toxic conditions.
