Fileborn, Bianca ; Loney-Howes, Rachel, [#MeToo and the Politics of Social Change](#) [1], Cham, Switzerland, Palgrave Macmillan, 2019, pp. 376

#MeToo has sparked a global re-emergence of debate about and opposition to sexual violence. This edited collection uses the #MeToo movement as a starting point for examining contemporary debates among those engaged in combatting sexual violence. Academics and anti-sexual violence activists across the globe provide perspectives on the broader implications of the movement. It taps into wider conversations about the nature, history, and complexities of anti-rape and anti-sexual harassment politics, noting the limitations of the movement, including in the Global South. Contributors span the disciplines of criminology, media and communications, film studies, gender and queer studies, and law.
