Segato, Rita, [Rita Segato on political feminism: 'There is no prince' \[1\]](#), TeleSur, 2018

Rita Segato, an Argentine-Brazilian academic and one of the most celebrated Latin American feminists, comments on the biases still affecting cases of femicide in Latin America due to the hyper machismo culture. She also discusses the need to unite academics working in the field of Communication, journalists and editors in order to promote discourses that encourage women to be seen as political actors rather than merely as victims.
