Sherriff, Lucy, [Colombia was just starting to deliver justice to women. Will a new president get in the way? \[1\]](#), Time, 2018

The article discusses the use of sexual violence against women during the conflict between the government, far-right paramilitary groups, left-wing guerrillas and drug cartels that began in Colombia in the 1960s. It then suggests the election of Conservative Ivan Duque, who has repeatedly pledged to roll back parts of the landmark 2016 peace agreement with rebels from the FARC group, is a risk factor for the protection and promotion of women's rights.
