Elfstrom, Manfred, [Two Steps Forward, One Step Back: Chinese State Reactions to Labour Unrest](#) [1], China Quarterly, Vol. 240, 2019, pp. 855-879

Elfstrom analyzes data from 2003-2012 on strikes and other worker protests, and concludes that the state has responded both with greater repression (illustrated by higher spending on the People's Armed Police) and greater responsiveness (illustrated by pro-worker or split decisions in mediation, arbitration and court judgements). The article concludes by analyzing the implications of changes in policy since the accession of Xi Jinping.
