Ivancheva, Mariya, [The Bulgarian Winter of Protests](#) [1], OpenDemocracy, 2013

Article explaining the economic, social and political context of the protests that forced Boyko Borissov to resign at the end of February 2013, and the immediate repercussions. Ivancheva is highly critical of 'monopolies in the hands of private companies' within a context of no state regulation, and notes problems in electoral law making it hard for smaller parties to contest elections.
