## The Forbidden Voyage

Author: [Earle Reynolds](#) [1]

Greenwood Press, Westport CT, 1975, pp. 281

Earle and Barbara Reynolds lived in Hiroshima, where he was studying effects of atomic radiation, from 1951-1954. In 1958, whilst cruising on their yacht the Phoenix of Hiroshima, they heard about the arrest of Bigelow's Golden Rule protesting against US testing (see above) and later that year sailed 65 nautical miles inside the Bikini Atoll testing zone.
