

Protest and Survive

Editor: [Edward P. Thompson](#) [1]

Campaign for Nuclear Disarmament and Bertrand Russell Peace Foundation, London, 1980, pp. 33

This polemic, whose title was prompted by government civil defence advice 'Protect and Survive', provided considerable impetus to the rejuvenated nuclear disarmament movement of the 1980s, and the launch of the European Nuclear Disarmament (END) campaign in which Thompson played a leading role.
