

Gramsci's Politics

Author: [Anne Showstack Sassoon](#) [1]

University of Minnesota Press, Minneapolis, 1987, pp. 261

Antonio Gramsci, the prominent Italian Marxist activist and thinker who died in 1937, is known for his elaboration of the Marxist theory of ideology and hegemony, and has been consulted by students seeking inspiration from Marxist thought – for example in Poland and South Africa in the 1980s. Gramsci's major work, *Prison Notebooks*, is by its nature long and disjointed, and its interpretation subject to debate.
