## **Il contributo della nonviolenza al superamento del sistema mafioso**

In: Quaderni di Satyagraha,, No 3, 2003, pp. 195-215

Originally published: June 2003

In this work, Sanfilippo provides a definition of nonviolence and elaborates on the Gandhian vision of the world. He also elaborates on the origin and root causes of the mafia system, according to which, he argues, a theory of systems is the necessary methodological and epistemological tool for the analysis of this phenomena and for building a nonviolent reaction against it. His perspective encompasses the cultural, economic, political, institutional, and social dimensions of the system where mafia organisations exist and where nonviolent antimafia movements need to be organised.
