

The Resurrection of Hungary: A Parallel for Ireland

Author: [Arthur Griffith](#) [1]

(The 1918 edition, which includes references to the unarmed campaign for independence in Finland, is now online.)

This brief book – originally a series of articles – was influential in Ireland and translated into a number of Indian languages, and was almost certainly read by Gandhi. Whilst the historical accuracy is questionable, Griffith's account was important in conveying the idea of nonviolent resistance. Csapody, Tamas and Thomas Weber, 'Hungarian Nonviolent Resistance against Austria and its Place in the History of Nonviolence', *Peace and Change*, vol. 32 no. 4 (2007), pp. 499-519, analyses the influence of Griffith's interpretation.
