## **L'uomo Planetario**

Author: [Ernesto Balducci](#) [1]

Giunti Editore, Firenze, 2005, pp. 192

Originally published: 1989

Balducci examines fundamental ethical questions from a global perspective following the fall of the Berlin Wall, the end of Cold War and the attack on the U.S. on 11th September 2001. His analysis draws upon Catholicism and the necessity of pursuing a secular, nonviolent renovation that – as he argues - all religions must face.
