

Power: A Radical View

Author: [Steven Lukes](#) [1]

Palgrave MacMillan, Basingstoke, 2005, pp. 192

Originally published: 1974

Substantially expanded second edition (with two new chapters) of his influential 1974 short book. His delineation of 'three dimensions of power' has influenced debates about power in the social sciences, and provided a reference point for some debates about resistance to domination.
