

The backlash against democracy promotion

Author: [Thomas Carothers](#) [1]

In: Foreign Affairs, Vol 85, No 2 (March/April), 2006, pp. 55-68

Carothers has written widely on US democratic assistance - see for example Carothers, Thomas , [Revitalizing Democracy Assistance: The Challenge of USAID](#) [2] Washington DC, Carnegie Endowment, , 2009, pp. 66 - and tends to the view that such aid is positive but necessarily limited in its effects.
