

Disaggregating the State: Networks and Collective Resistance in Shanghai

Author(s): [Shi Fayong](#) [1], [Yongshun Cai](#) [2]

In: The China Quarterly, Vol 186, 2006, pp. 314-332

Study of Shanghai home owners' resistance that suggests that fragmentation of state power at local level provides opportunities for resistance, and that its success may be helped by social networks between participants in collective action and officials or media workers. See also , [Social Capital and Collective Resistance in Urban China Neighborhoods: a community movement in Shanghai](#) [3] Singapore, Dept of Sociology, National University of Singapore, , 2004, pp. 43 , online.
