## **The “Commons” versus the “Commodity”: Alter-Globalization, Anti-Privatization and the Human Right to Water in the Global South**

Author: [Karen Bakker](#) [1]

In: Antipode, Vol 39, No 3 (June), 2007, pp. 430-455

Examines different (though overlapping) alternatives to privatization developed through North-South and red-green alliances and argues concept of the ‘commons’ most effective basis for a strategy of action.
