

A Quest For Global Peace: Rotblat And Ikeda on War, Ethics, And The Nuclear Threat

Author(s): [Joseph Rotblat](#) [1], [Daisaku Ikeda](#) [2]

I.B. Tauris, London and New York, 2007, pp. 176

Nobel Peace Prize physicist Joseph Rotblat and Buddhist philosopher Daisaku Ikeda discuss how the application of 20th-century science and technology requires a 21st-century growth in newfound wisdom. Such wisdom must arise from basic human values that transcend the limitations of knowledge and state sovereignty alone.
