

1989: The Struggle to Create Post-Cold War Europe

Author: [Mary Elise Sarotte](#) [1]

Princeton University Press, Princeton NJ, 2009, pp. 344

Highly-praised analysis challenging the inevitability of German reunification and the spread of NATO. Discusses role of political leaders and dissidents in 1989, drawing on documents and interviews, and assesses the views from various world capitals.
