

Debunking Spontaneity: Spain's 15-M/Indignados as Autonomous Movement

Author: [Flesher Fominaya, Cristina](#) [1]

In: Social Movement Studies: Journal of Social and Cultural Political Protest, Vol 14, No 2, 2015, pp. 142-163

Argues emergence of movement not 'new' and 'spontaneous' but product of evolution of a collective identity and culture stressing deliberative democracy since the 1980s.

See also her blog on the OpenDemocracy website: '[Spain is Different: Podemos and 15-M](#) [2]' on the rise of the leftist but non-ideological Podemos party in the European Parliamentary elections of June 2014, and influence of 15-M movement on the nature of the new party.
