

Women's Movements In The Global Era. The Power Of Local Feminism

Author: [Amrita Basu](#) [1]

Routledge, New York, 2017, pp. 560

This book provides a study of the genesis, growth, gains, and dilemmas of women's movements in countries throughout the world. Its focus is on Brazil, China, India, Pakistan, Russia, South Africa, USA, as well as more generally covering Europe and Latina America. The authors argue that women's movements have engaged in complex negotiations with national and international forces, and challenge widely held assumptions about the Western origins and character of local feminisms. They locate women's movements within their context by exploring their relationships with the state, civil society, and other social movements.
