

El Salvador kills women as the US shrugs

Author(s): [Louise Donovan](#) [1], [Christina Asquith](#) [2]

In: Foreign Policy, 2019

In El Salvador, hundreds of women marched in the capital San Salvador on this day, to protest for reproductive rights, against violence, and in celebration of the release of three women jailed on abortion charges. The article also discusses the Trump administration's cut of funding towards programs that support women and the initiative to tackle violence against women that exists in El Salvador.
