

Feminism for the 99%: A Manifesto

Author(s): [Cinzia Arruzza](#) [1], [Tithi Bhattacharaya](#) [2], [Nancy Fraser](#) [3]

Verso , London, 2019, pp. 85

A manifesto inspired by the international women's strike, 'NiUnaMenos' in Argentina and other radical feminist actions. It argues for a linkage between feminism and LGBTQ+ rights and the struggle against neoliberal capitalism, and rejects the kind of liberal feminism (exemplified by Hillary Clinton) that seeks equal opportunities for women within an inherently oppressive system.
