

Social Defence

Author(s): [Jorgen Johansen](#) [1], [Brian Martin](#) [2]

Irene Publishing, Sparsnäs, Sweden, 2019, pp. 174

Two authors with a longstanding interest in nonviolent alternatives to military force restate the case for social defence, given the damage caused by military systems, and summarize examples of popular resistance in the past to coups and invasions. They also consider the relevance of political changes and social movements since the end of the Cold War.
