

Timeline: The 52-year history of the Pilgrim nuclear plant

Author: [Miriam Wasser](#) [1]

In: WBUR, 2019

Article and audio defining important moments of the history of the Pilgrim nuclear energy plant, located in Plymouth, Massachusetts, from 1967, when it was built by the Boston Edison Company, up to 2019, when it shut down thanks to year of anti-nuclear activism and legal fighting against re-licensing the plant.
