

As indigenous people protest in Colombia, we must rally with them

Author: [Steve Trent](#) [1]

Environmental Justice Foundation2020

With a yearly figure of 251 activists assassinated in Colombia in 2020, and an average of 4 every week since the Paris agreement's adoption in December 2015, indigenous activists in Colombia have risen against violence and environmental destruction with protests beginning in Bogota last month in October 2020.
