

A Theory of Nonviolent Action: How Civil Resistance Works

Author: [Stellan Vinthagen](#) [1]

Zed Books, London, 2105, pp. 400

Vinthagen develops a new general theory of nonviolent action which embraces Gandhian concepts and commitments, but relates these to modern sociological theory (for example, Habermas's conception of rationality) and reinterprets them within a more contemporary ethos. Four key dimensions explored are: dialogue facilitation; 'power breaking'; 'utopian enactment' - Gandhi's constructive programme; and nonviolent training. Theoretical analysis is illustrated by examples drawn from a range of movements such as US Civil Rights, Movimento Sem Terra and radical protests against nuclear weapons.
